

MAKE YOUR BOAT WRAP RECYCLE READY

01 – Carefully Cut Shrink Wrap

While on the boat, cut shrink wrap horizontally above the perimeter band. Use a shrink wrap knife (preferred) or utility knife. Keep strapping separate—it's not recyclable. Avoid excessively dirty or wet wrap.

02 – Remove Non-Wrap Materials

Take off strapping, vents, zippers, buckles, and non-wrap materials. These are not recyclable; save or trash them. Removing accessories first can speed up the process. Shrink tape is recyclable and can stay on.

03 – Roll Up Wrap & Preparation

Start at the bow and work toward the stern. For large boats, slice into sections and roll on the ground. Fold into 4-5 foot widths, then roll like a sleeping bag. Tie with shrink wrap (not strapping or rope).

04 – Final Cleanup & Storage

Roll the clean wrap tightly and keep it dry. Store indoors or under cover until drop-off or pickup. Remove any remaining accessories or bands. Keep it free of dirt, water, and debris.

05 – Recycle Right for a Second Life

Place the rolled, recycle-ready wrap in the designated Wrap Recycle Right container at your nearest collection site.

RECYCLE YOUR BOAT WRAP PROPERLY

× **STRAPPING**

× **VENTS**

× **ZIPPERS**

× **BUCKLES**

× **NON-WRAP MATERIALS**

★ **CLEAN, DRY SHINK WRAP
FREE OF CONTAMINANTS**

SHRINK TAPE IS RECYCLABLE AND DOES NOT HAVE TO BE REMOVED

RECYCLE YOUR BOAT WRAP HERE

ACCEPTED

- Blue boat wrap
- White boat wrap
- Clean, dry wrap only
- Thin, single-layer plastic film boat wrap
- Free of debris or heavy dirt

NOT ACCEPTED

- Strapping, vents, zippers, buckles, & non-wrap materials
- Fabric-backed/Multi-layer covers
- **Transhield™** brand wraps
- Any other materials that are not used for boat wrap

WHEN IN DOUBT

If it's not thin, single-layered plastic boat wrap - **do not recycle here.**

WHY THIS MATTERS

These materials are not recyclable in this program and can contaminate entire loads of boat wrap.

ATTENTION BOAT WRAP RECYCLING ONLY

Clean, dry shrink wrap free of contaminants.

Strapping, vents, zippers, buckles, and non-wrap materials.
